

Quizzit

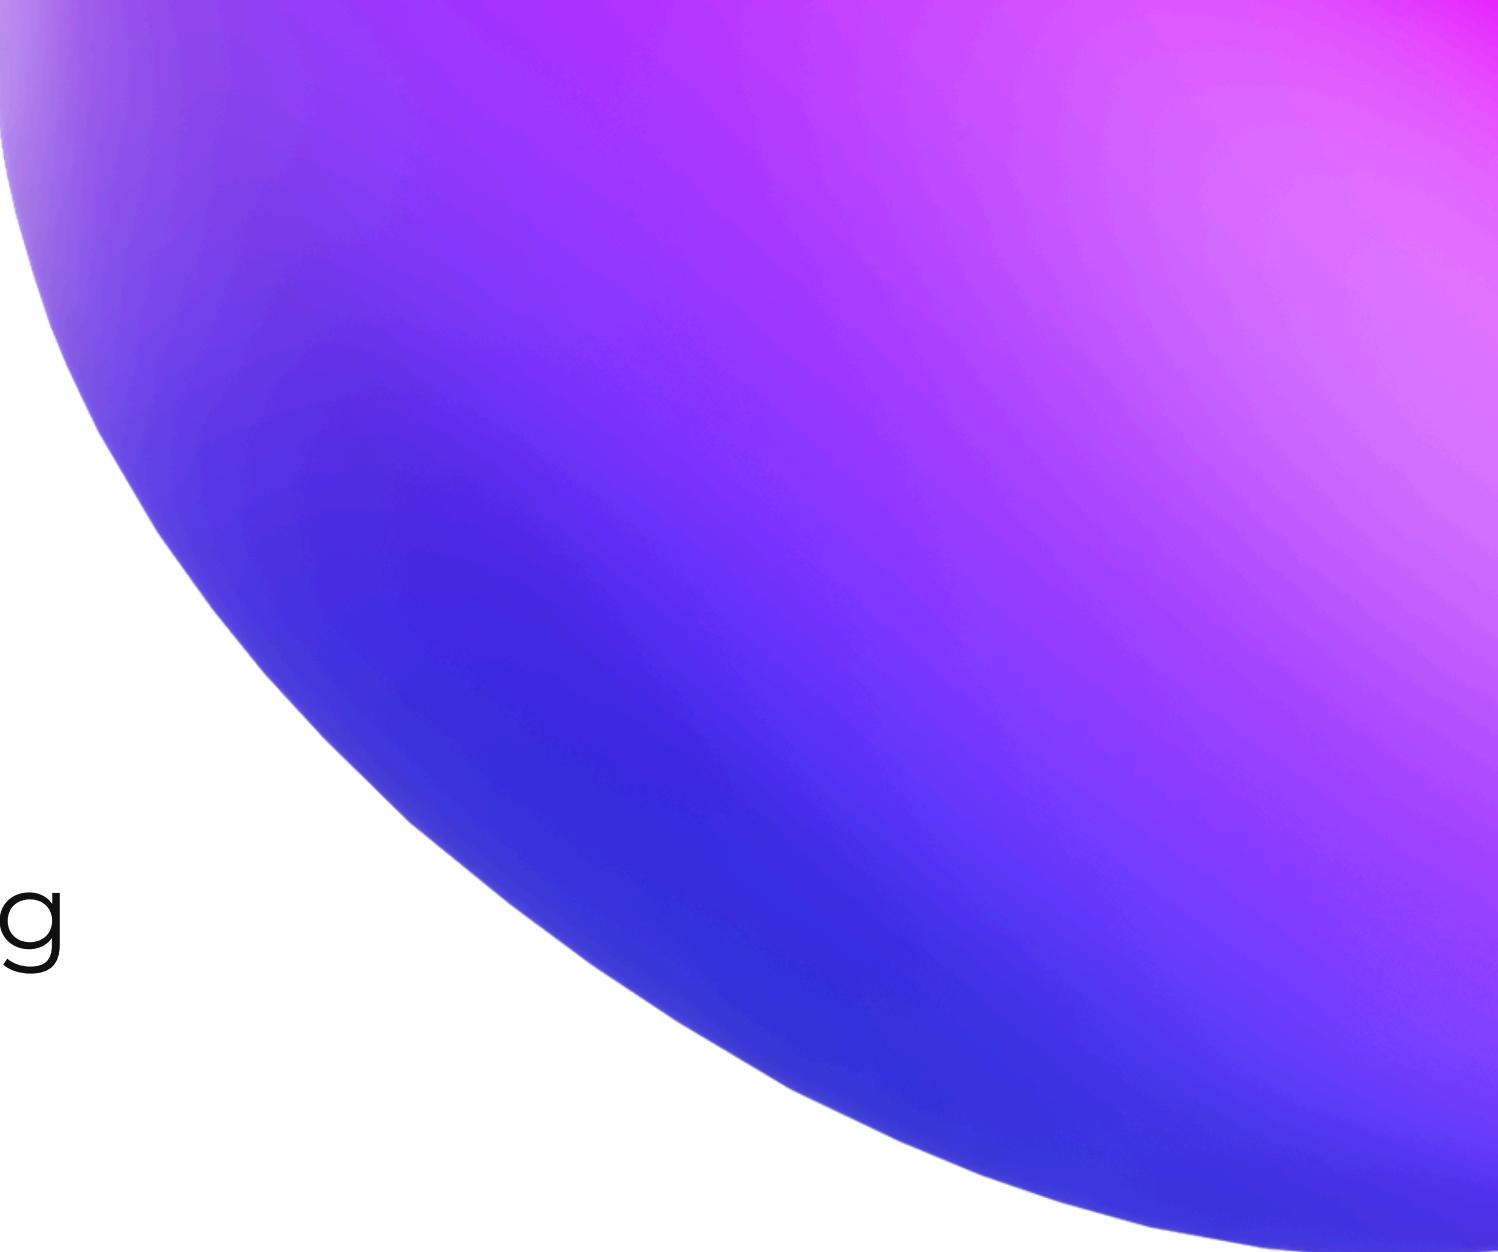

Problem

Students struggle with study motivation, procrastination, and effective knowledge retention.

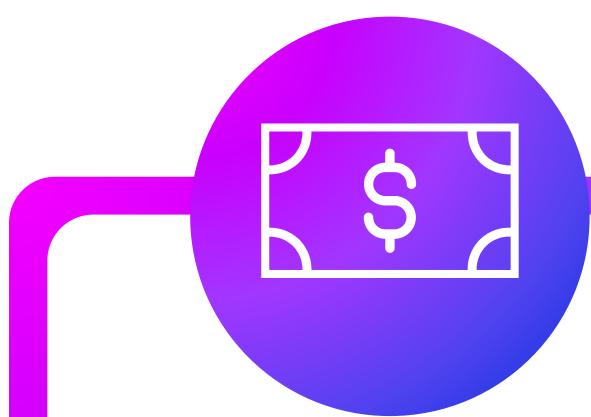

This leads to cramming, poor academic performance, and wasted learning opportunities.

Solution

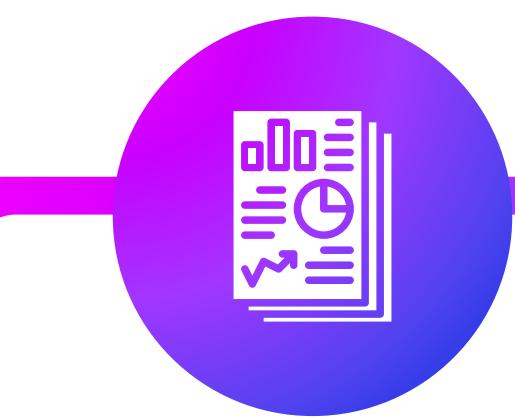

Quizzit motivates students by using cryptocurrency staking and AI to create personalized quizzes from study materials, featuring a simple pass-or-donate incentive system.

How it works

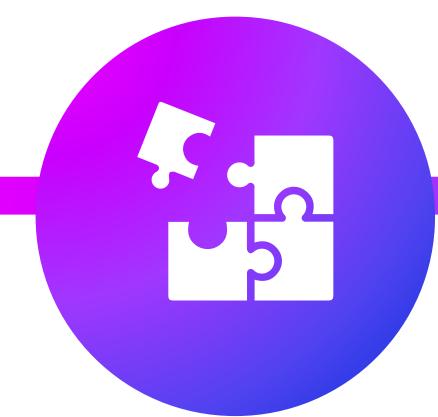

Step 1

Deposit ETH:
Stake your ETH
securely via our
smart contract.

Step 2

Upload Materials:
Provide your
study materials—
PDFs, slides, or
docs.

Step 3

AI-Generated
Quiz: Let AI
challenge you
with custom
quizzes.

Step 4

Win or Donate:
Pass to reclaim
your ETH; fail and
donate to charity.

Why choose Quizzit?

01

Skin in the Game: Financial incentive creates real accountability

02

AI-Powered: Intelligent quiz generation based on your specific materials

03

Blockchain Integration: Secure transactions and transparent process

04

Charitable Impact: Failed attempts benefit worthy causes
